Les Bouchons

Le Roi Du Steak Frites
"King of Steak & Fries"

Relaxed and effortlessly chic, Les Bouchons takes guests on a gastronomic journey through the bylanes of Paris by paying homage to the grand tradition of French bistros and steakhouses. There are three outlets in Singapore and one in Malaysia – the first on Ann Siang Road (est. 2002), followed by Robertson Quay (est. 2006), followed by Puteri Harbour (est. 2020) and most recently, Rochester Commons (est. 2022).

Showcasing classic French cuisine and quality steak frites, Les Bouchons is the destination for a memorable experience of robust flavours and textures. Steaks are prepared as per request and are served with a portion of salad and free-flow homemade French Fries, cut to perfection.

An extensive list of value-for-money quality wines which are predominantly French are also available for enjoying with family and friends over food.

Food & Beverage

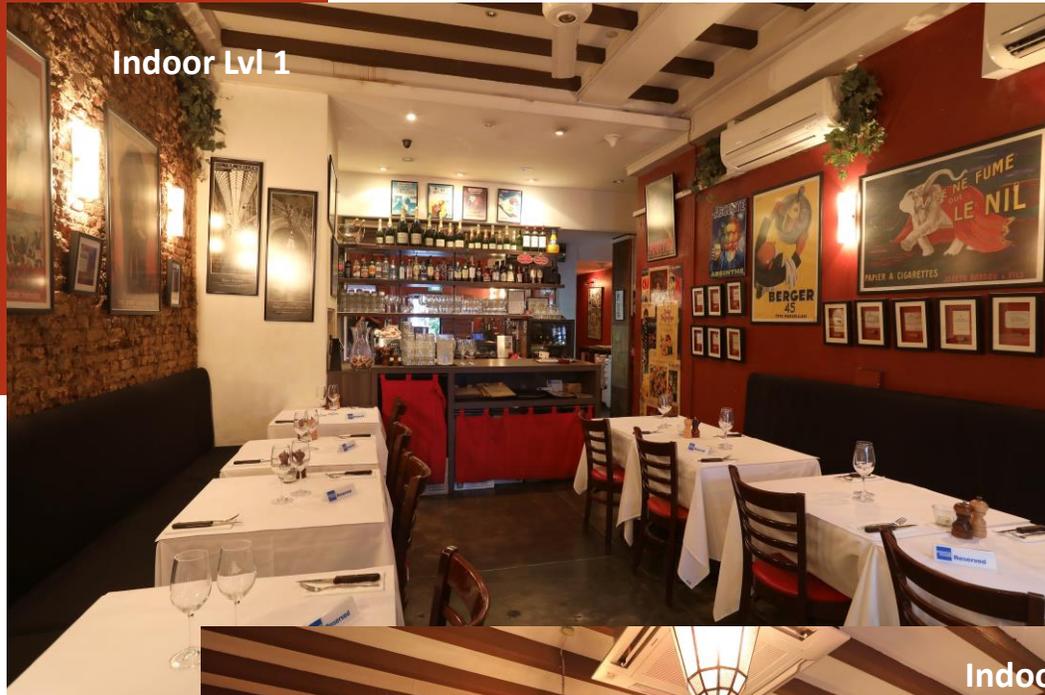

Les Bouchons reputation as one of Singapore's best steakhouses has been built on consistency, quality fresh produce used and good grade beef (finest verified Angus), sourced directly from the producers.

Apart from offering several variations on Steak Frites, the menu also has a varied, delectable selection of other meat and seafood dishes to choose from.

The dining experience is further enhanced with a variety of special homemade condiments which pair well with all dishes on the menu.

To round off the meal, guests can choose from a selection of cheeses, or a range of divine homemade desserts such as the classic Crème Brûlée or Île Flottante!
